COTEL SITEMASTER MOBILE RADIO

A RELIABLE COMMUNICATIONS
SOLUTION FOR ANY BUSINESS

Mobile Units are an ideal solution if you require a fixed mobile unit at an office desk, or if you require a radio unit installed into a vehicle. Each unit has distinct advantages and benefits which can enable your business to optimise your staff resources more efficiently.

All of our two-way radio systems are reliable, easy to use, small-but-powerful industry quality solutions, with support for many channels and features available upon request.

FEATURES

- Intuitive, reliable and easy-to-use instant communications
- Can be installed in an office environment or any vehicle
- Can be used with a series of Audio Accessories & Mics
- Channels are announced and displayed
- Available in VHF or UHF, Analogue or Digital, Mixed Mode
- Emergency, Scan, Monitor and Caller ID features available
- Voice Recording, Noise Reduction, Display Name and Bluetooth features available (Digital SiteMaster only)
- TaxiMaster, SiteMaster and Digital SiteMaster models available, each with unique advantages and features

INSTALLATION

Mobile radios can be installed into an office space or vehicle, from taxis to loading shovels, in a location that provides "ease of use" for the operator. Mobiles run off of mains power or the power supply of a vehicle, and connect to an external aerial supplied by ourselves.
